increasing Technorati authority

Technorati authority is about how many blogs registered with Technorati are linking to your blog.

By increasing Technorati authority you are increasing the traffic from Technorati to your blog, and traffic from Technorati to your blog are better than Google traffic.

If anyone interested to increase Technorati authority to our blogs lets exchange links, you can add links in your post; you don't need to build a link page like static page.

Here is m exchange blog

<http://www.workfromhome-business-opportunity.com/>

Link to it from your blog (make sure your blog is in technorati first) post A COMMENT with your blog URL and I will post a link to your blog from this page

another Blog with technoraty exchange:

[Work From Home Business Blog](#)
